battles he mimics now accorded cult status this new edition of the book features original graphics by birmingham animator aston walker about the authorjeremy gluck is an expatriate canadian who with a thrill to hop aboard this delirious road trip of riotous revenge andrew morton uncovers the true story of the biggest celebrity of our age everyone knows tom cruise or at least what he wants us to know we know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters top gun rain man born on the fourth of july a few good men jerry maguire several mission impossible movies and more we know he has taken artistic chances too earning him three academy award and golden globe nominations but beyond that the picture becomes a bit less clear we know that tom is a devoted follower of the church of scientology we know that despite persistent rumors about his sexuality he has been married to mimi rogers nicole kidman and katie holmes but it was not until he jumped on oprah s couch to proclaim his love for katie and denounced brooke shields for turning to the nazi science of psychiatry that we began to realize how much we did not know about the charming hardworking star for all the headlines and the rumors the real tom cruise has remained surprisingly hidden until now rooted in the creative success of over 30 years of supermarket tabloid publishing the weekly world news has been the world s only reliable news source since 1979 the online hub weeklyworldnews.com is a leading entertainment news site instead of entering into a pointless debate on whether or not god exists it is more important to bear in mind that belief in the existence of god has little bearing on making a person a good or a bad citizen one can be a saintly person without believing in god and a detestable villain believing in him in my personalized religion there is no god khushwant singh over the decades has built up a reputation for coming up with something new and controversial in each book and he does not disappoint his readers this time too he begins with a chapter on the need for a new religion without god in which he questions the relevance of god he then moves on to describe how religion has proved to be more harmful than beneficial and in the process debunks astrologers and the breed of so called godmen however he is not dismissive of religion through his lucid writing he brings out the beauty and significance of holy books such as the bhagvad gita the quran and the granth sahib he provides relevant extracts to highlight the poetry and the music in such books the author next tries to dispel the prejudices held by many non muslims against their muslim compatriots by giving down to earth examples he also emphasizes the importance of the ramzaan fast khushwant singh s description of the life and times of guru nanak and guru gobind singh and his in depth analysis of the granth sahib throw new light on a particularly troubled period in india s history the chapter devoted to the interaction of the author a confirmed agnostic with the dalai lama probably the world s most renowned spiritual leader makes for fascinating reading here s one book containing a wealth of knowledge and information that you would want to read or consult again and again includes never before collected quotes from the controversial best selling author on hundreds of subjects from atheism and alcoholism to iraq and george orwell redefining kitsch and camp in literature and culture is a collection of fourteen essays dealing with the performative character of kitsch and camp aesthetics in popular culture and avant garde productions anticipated in both literature and culture the book traces the evolution of two aesthetics from a number of theoretical perspectives including gender studies queer studies popular culture studies aesthetics film studies and postcolonial studies the volume provides a much needed commentary on the mechanisms and functions of kitsch and camp in contemporary literary and cultural studies reflecting on various transformations that are currently underway welcome to hollywood circa 1950 the end of the golden age a remarkably handsome young boy still a teenager gets discovered by a big time movie agent because when he takes his shirt off young hearts beat faster because he is the picture of innocence and trust and need he

will become a star it seems almost preordained the open smile says you will love me and soon the whole world does the young boy's name was tab hunter a made up name of course a hollywood name and it was his time stardom didn't come overnight although it seemed that way in fact the fame came first when his face adorned hundreds of magazine covers the movies the studio contract the name in lights all that came later for tab hunter was a true product of hollywood a movie star created from a stable boy a shy kid made even more so by the way his schoolmates both girls and boys reacted to his beauty by a mother who provided for him in every way except emotionally and by a secret that both tormented him and propelled him forward in tab hunter confidential the making of a movie star hunter speaks out for the first time about what it was like to be a movie star at the end of the big studio era to be treated like a commodity to be told what to do how to behave whom to be seen with what to wear he speaks also about what it was like to be gay at first confused by his own fears and misgivings then as an actor trapped by an image of boy next door innocence and when he dared to be difficult to complain to the studio about the string of mostly mediocre movies that were assigned to him he learned that just like any manufactured product he was disposable and replaceable hunter's career as a bona fide movie star lasted a decade but he persevered as an actor working continuously at a profession he had come to love seeking and earning the respect of his peers and of the hollywood community and so tab hunter confidential is at heart a story of survival of the giddy highs of stardom and the soul destroying lows when phone calls begin to go unreturned of the need to be loved and the fear of being consumed of the hope of an innocent boy and the rueful summation of a man who did it all and who lived to tell it all this collection of essays represents key contributions to transgression
